Subject: FW: Draft NACEPT Transmittal Letter Regarding AWS Final Report

Hi Kathy,

I'm not sure whether you're still around the office, but wanted to run the draft transmittal letter by you and your team for any feedback. Hopefully all suggested language and comments were accurately incorporated into this draft.

I've also included a copy of the AWS final report that we will print and include along with the cover letter. If all is well with you and your team, then we will generate a clean (final) version of the letter and proceed with delivering the package today to OEX. Please advise.

Thanks,
Eugene
